

Speak up, save lives MSHA has your back

To report a hazardous condition that could cause a serious accident, injury, illness or fatality call 1-800-746-1553 or report it online at msha.gov.

AS A MINER, YOU HAVE THE RIGHT TO:

-  Be given effective health and safety training.
-  Be protected from discrimination for exercising your rights.
-  File or make a complaint of danger, or safety or health violation to a federal or state agency, a mine operator, an operator's agent or a miners' representative.
-  Refuse to work in conditions you believe are unsafe, unhealthy, or illegal (after notifying the operator of the condition and giving them an opportunity to address the situation).
-  A medical evaluation or to be considered for transfer to another job location because of harmful physical agents and toxic substances.
-  Exercise any rights afforded by the Mine Act.
-  Select a representative for safety and health purposes.

**YOU DO NOT NEED TO IDENTIFY YOURSELF
WHEN REPORTING A HAZARDOUS CONDITION!**
