**SUPPLEMENTARY INFORMATION:**

**Background**

Youth Opportunity Grants concentrate a large amount of resources in high-poverty neighborhoods to increase the employment, high school graduation, and college enrollment rates of youth growing up in these

communities. In February, the Department of Labor announced Youth Opportunity awards to 36 urban, rural, and Native American sites. The MIS requirements for these grants will include information on enrollee characteristics, services received, outcomes, retention in jobs and school, and customer satisfaction of enrollees and employers. Youth Opportunity program operators will need to maintain individual records of enrollees, and prepare quarterly data summary reports to the Department of Labor.
