

Equipment Safety and Health Concerns Internet Link

This is a quick reference to view all fatalities involving roof bolters. It is located on the www.msha.gov website and it allows you to access Mine Fatalgrams and Fatality Reports and from 1995 to present.

To access this link, go to:

<http://www.msha.gov/equipmentsafety/equipmentaccidents.asp>

Or

Click on the Equipment Information link under Safety and health Info on the right side of the MSHA Home page (www.msha.gov).

Click on:

Equipment Related Accidents

Then click on the pull down list for "Select Equipment Type" for "All Years" (In the middle) and select Roof Bolter.

Use this option if you want to view information for "All Years" for a particular equipment type.

Select Equipment Type	Roof Bolter	▼
-----------------------	-------------	---

Get Information

The Fatality report is accessed by clicking on the link at the bottom of the Fatalgram. (As shown below)
