

Fatality Alert

MINE FATALITY – On August 21, 2023 a crusher lid that was being moved into place struck a miner when the rigging broke. The miner died from his injuries on August 23, 2023.

Best Practices

- Do not work under suspended loads.
- Use properly rated lifting equipment and ensure that the load is well secured.
- Attach tag lines to suspended loads to steady or guide the load.
- Communicate lift plans to all persons working in the lift zone. Follow manufacturer's recommended work procedures.

This is the 28th fatality reported in 2023, and the twelfth classified as “Machinery.”

The information provided in this notice is based on preliminary information only and does not represent final determinations regarding the nature of the accident or conclusions regarding the cause of the fatality.
