Fatality Alert

**MINE FATALITY** – On August 21, 2020, a truck driver sustained fatal head injuries while he was deploying the automatic tarp on his fifth-wheel side-dump trailer.

![Diagram of tarping system]

**Best Practices**

- **Install and use constant pressure electrical switches** to deploy/retract automatic trailer tarps.
- **Inspect and maintain tarping systems** routinely to ensure tarping systems function properly.
- **Install signs warning of the hazard of standing near trailers while automatic tarps are deployed/retracted.**
- **Train miners** on proper tarping techniques to understand the hazards associated with the work being performed.

This is the sixth fatality classified as “Machinery” since August 21, 2020.

**Report accidents and hazardous conditions: 1-800-746-1553**
