

Diesel Exhaust Health Effects Partnership
December 8, 2016

Meeting Minutes

Recommendations/Suggestions

- Under "Partnership Composition" add "consultants" to the list of representatives.
- Consider breaking into sub/working groups, as necessary.
- Include meeting minutes and other material provided to the partnership in the Diesel RFI rulemaking record.
- Add engineering science, engineering controls, and economic and technological feasibility within the purpose and goals.
- Add "the most up-to-date information" as an additional principle.
- Keep comments open on the Charter as long as the Partnership is convened.

Next Steps

Prior to the next quarterly meeting (date TBD):

- A summary of the comments received on the RFI will be prepared.
- The Charter will be revised to include suggested changes discussed by participants.
- MSHA will publish a notice in the Federal Register reopening the rulemaking record and extending the comment period on the Diesel RFI.
- Instructions on how to submit comments on the Charter and List of Attendees and suggestions for topics for the next meeting will be provided and posted on MSHA's and NIOSH's websites.
- A court reporter will be present all subsequent meetings to ensure an accurate record of the meeting.

Next Quarterly Meeting

TBD.
