

# TRAM23

Join us at the National Mine Health and Safety Academy in Beaver, West Virginia October 10 - 12 for MSHA's Training Resources Applied to Mining (TRAM) Annual Conference! This year's theme is "Expand Your Reach." The event features presentations from some of the industry's most respected safety trainers. Participants may select from a variety of workshops.

## Workshop Topics Include:

### Training Technology/ Training Programs

- Risk Management/Mitigation
- Health
- Powered Haulage

### Training Preparation

- Delivery Techniques
- Content Creation
- Adult Learning Principles

This tuition-free conference provides opportunities for health and safety trainers to diversify their training skills and expand approaches to training.

Let's connect to impact audiences with more diverse and hands-on experiences.

## Workshops

The workshops cover a wide variety of topics pertinent to mine safety trainers, with a focus on safety training delivery and enhancing participant learning.

## Exhibits

The exhibit area features some of the latest training materials developed by MSHA, State Grant recipients, and the mining industry.

## Training Materials Competition

Training in today's mining industry, more than ever before, is a foundational element in our relentless pursuit of improving mine safety. Through the years, the training materials competition has fostered new levels of professionalism and innovation in the development of training materials. This competition is open to all sources of mining-related training materials. For more information on the training materials competition or to request a competition packet, please contact the event coordinators in the contact section below.

The deadline for entries is September 1, 2023.
