Hilton SLC Center

255 S. West Temple

Salt Lake City, UT 84101

Hosted by

Hispanic
Safety
Professionals
of Utah

Made possible with the generous
support of the Utah Labor Commission

6:30 AM–7:00 AM	Vendor Booth Setup Time
7:00 AM–7:30 AM	Registration and Vendor Time
7:30 AM–8:45 AM	Breakfast Introductions and presentations by hosting organizations.
8:45 AM–9:00 AM	Break/Vendor Time
9:00 AM–9:50 AM	Session 1

SESSION 1

Heat Protection
Discover OSHA's renewed emphasis on heat safety for construction workers facing extreme temperatures. Explore essential strategies such as implementing heat safety programs, providing training, promoting hydration, scheduling rest breaks, utilizing cooling measures, and monitoring weather conditions. These insights will help create a secure work environment amidst rising temperatures, ensuring effective protection for your workforce. Presented by Dave Holland, Wasatch Safety Group.

Safety Resources for Spanish Speaking Workers
Utah Hispanic Safety Professionals is excited to present information to help you access vital safety resources tailored specifically for Spanish speaking workers. Explore essential tools, training opportunities, and support systems designed to foster a safe work environment. Empower your workforce with valuable information that enhances workplace safety and facilitates effective communication.

UDOT Mobility & Permitting Process
Unlock the intricacies of navigating the Utah Department of Transportation's permitting process in this informative session. Gain valuable insights into streamlining mobility permits, understanding regulations, and optimizing procedures for efficient project execution. Learn how to successfully navigate UDOT requirements, enhancing project efficiency and effectiveness.

9:50 AM–10:00 AM	Break/Vendor Time
10:00 AM–10:50 AM	Session 2

SESSION 2

UOSH Update
Stay up-to-date with comprehensive updates on changes from OSHA nationally and within Utah. Explore accident trends, citations, and the benefits of the UOSH consultation program for contractors. Stay informed, understand regulatory shifts, and leverage available resources to enhance safety compliance and performance in your workplace. Presented by UOSH Staff.

Pre-Construction Safety Planning Roundtable
Participate in our panel discussion on integrating safety into pre-construction planning. Discover proactive strategies to embed safety measures, avoiding the need to play catch-up in the field. Learn how to prioritize safety from the outset, fostering a culture of proactive risk mitigation for successful project outcomes.

National Perspective on Work Zone Safety
Explore national best practices and trends in work zone safety, gaining insights into cutting-edge approaches and industry trends. Stay ahead of the curve with a comprehensive overview of strategies to ensure a safer work environment for all in roadside work zones.

10:50 AM–11:00 AM	Break/Vendor Time
11:00 AM–11:50 AM	Session 3

SESSION 3

OSHA Roundtable
Engage in an interactive session with UOSH experts to ask questions, receive direct feedback, and stay informed about upcoming developments. Gain valuable insights into regulatory updates and future initiatives, enhancing your understanding and preparedness in workplace safety compliance.

Mental Health in Construction
A healthy culture with strong employee relationships is more important than ever, but the current nature of organizational mental health makes it difficult to create workplace well-being. This session will help you begin to change that. Presented by Craig Weston, BluNovis.

Utah State Police – Dangerous Driving & Work Zone Enforcement
Partner with the Utah Highway Patrol to enhance work zone safety through collaboration with contractors. Discover strategies to mitigate risks, enforce safety measures, and foster a secure work environment in partnership with law enforcement agencies.

11:50 AM–12:00 PM	Break/Vendor Time
12:00 PM–1:30 PM	Lunch/Keynote Speaker <i>Sydne Jacques</i>

"Cultures by Design: Creating Safe Cultures Where People Want to Stay"
The workforce has changed and, as leaders, we cannot stay the same. In addition to emphasizing physical safety, we also need to emphasize PSYCHOLOGICAL Safety! There are specific tools that organizations can utilize to proactively create a culture by design with more emphasis on safety and retention. As leaders, we need to be willing to improve our individual skills and focus on building deeper relationships of trust and improving our communication with our employees.

1:30 PM–2:20 PM	Session 4
-----------------	------------------

SESSION 4

Legislative Update
Join Utah legislators to explore current and future safety issues and legislative developments shaping safety regulations. Engage with lawmakers, ask questions, and gain insights into the legislative landscape's impact on workplace safety.

MSHA Roundtable
Participate in a discussion on MSHA regulations and updates, including insights into key regulatory changes and compliance strategies. Join this session to stay informed and enhance your understanding of critical safety requirements from MSHA.

Smart Work Zones & New Tech – UDOT IMT
Discover cutting-edge technology transforming road construction safety for workers and the public. Explore innovative solutions, smart work zone strategies, and new tech applications to enhance safety and efficiency in construction projects.

2:20 PM–2:30 PM	Break/Vendor Time
2:30 PM–3:20 PM	Session 5

SESSION 5

Introduction to Traffic Incident Management Training
Join the Utah Traffic Incident Management Coalition for an introduction to Traffic Incident Management Training. Discover effective coordination strategies for major roadway incidents, enhancing response efficiency, and ensuring worker and public safety. Presented by the Utah Traffic Incident Management Coalition.

Effective Focus Four Training
Explore the impact of training on OSHA's Focus Four Hazards: falls, caught-in/between, struck-by, and electrocution. Gain insights into best practices to mitigate these common construction safety risks through better training and enhance worker safety. Presented by Robert Weston, Safety Management & Training Solutions.

Roundtable – MOT & Construction Best Practices
Join our panel discussion on best practices for Movement of Traffic (MOT) and traffic control in construction work zones. Gain valuable insights from industry experts to optimize traffic management practices and ensure a secure work environment for all.

3:20 PM–3:30 PM	Break/Vendor Time
3:30 PM–4:20 PM	Session 6

SESSION 6

UDOT Safety Update
Stay informed with a session highlighting UDOT safety priorities and upcoming changes in the safety program. Learn more about the process to update the MUTCD and updates to UDOT safety standards to enhance workplace safety within UDOT projects.

Safety Culture & Safety Leadership
Delve into critical aspects of safety culture and leadership, exploring how fostering a strong safety culture and effective leadership can enhance workplace safety, engagement, and performance. Presented by Sydne Jacques.

Roadway Work-Zone Research Update
Stay informed with the latest research updates on roadway work zones, exploring cutting-edge findings, trends, and innovations shaping work zone safety and efficiency. Gain valuable insights to optimize work zone practices and enhance safety for workers and the traveling public.

4:20 PM–4:30 PM	Break/Vendor Time
